REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder of Great Nation Investment Corporation

We have audited the accompanying financial statements of Great Nation Investment Corporation (a wholly owned subsidiary of National Concord Development Corp.) (the Company), which comprise the balance sheets as of March 31, 2015, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Great Nation Investment Corporation's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Company as of March 31, 2014, were audited by other auditors in accordance with U.S generally accepted auditing standards, whose report dated October 15, 2014, expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of March 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Computation of Aggregate Indebtedness and Net Capital in Accordance with Rule 15c3-1 of the Securities and Exchange Commission (Schedule I) has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

(A Wholly Owned Subsidiary of National Concord Development Corporation) NOTES TO FINANCIAL STATEMENTS March 31, 2015 and 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Great Nation Investment Corporation (the Company) is a wholly owned subsidiary of National Concord Development Corporation (the Parent). The Company primarily provides broker-dealer services in connection with securities transactions and specializes in eleemosynary bond financing. The Company's application for license and membership with the National Association of Securities Dealers, Inc., now Financial Industry Regulatory Authority or "FINRA", was approved on May 24, 1988. The Company has not held securities or maintained accounts for customers, except to the extent allowed pursuant to Section 240.15c3-3(k)(2)(i) of the Securities Act of 1934, and has not incurred any liabilities subordinated to the claims of general creditors during the years ended March 31, 2015 and 2014.

The financial statements do not include a statement of changes in liabilities subordinated to claims of general creditors as required under Rule 17a-5 of the Act, since no such liabilities existed at or during the years ended March 31, 2015 and 2014.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Company considers deposits in banks and money market accounts as cash and cash equivalents.

Investments

The Company carries investments in marketable equity and debt securities at their fair values in the Balance Sheets. Realized gains and losses are reflected as other income and unrealized gains and losses are reflected as other comprehensive income in the Statements of Income.

Deferred Deposits

Deferred deposits consist of revenues collected in advance as initial deposits from churches that are in the beginning stages of programs for financing via bond sales. Deferred deposits are recognized as revenue when the bonds are issued.

Revenue Recognition

Commission revenue is recognized as of the settlement date which is generally the third business day following the trade date. Underwriting fees are recognized when bonds are issued by the underwriter.

Income Taxes

The Company files a consolidated tax return with the Parent. For financial statement purposes, federal income taxes are allocated on a separate company basis. The current year net loss created an income tax benefit of \$22,071 which decreased the intercompany payable for the year ended March 31, 2015. The Company decreased the intercompany payable and recorded an income tax benefit of \$22,071 for the year ended March 31, 2015. Deferred income taxes are provided for the temporary differences between the tax basis of assets and liabilities and their reported amounts in the financial statements. The liability method is used to account for income taxes, which requires deferred taxes to be recorded at the statutory rate to be in effect when the taxes are paid.

(A Wholly Owned Subsidiary of National Concord Development Corporation) NOTES TO FINANCIAL STATEMENTS March 31, 2015 and 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continuation

Income Taxes - Continuation

The Company follows the provisions of accounting for uncertain tax positions under the FASB Accounting Standards Codification 740-10-50-14. These provisions prescribe a recognition threshold of more likely than not, and a measurement attribute for all tax positions taken or expected to be taken on a tax return, in order for those tax positions to be recognized in the financial statements. The adoption of these provisions resulted in no change to stockholder's equity. As of March 31, 2015 and 2014, the Company reports no uncertain tax positions and therefore has not recorded any unrecognized tax benefits or liabilities.

The Company is required to file a consolidated Form 1120 (U.S. Corporation Income Tax Return) with the Parent which is subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of the tax return. The tax returns for tax years ending in 2012 through 2014 are open to examination by the IRS as of March 31, 2015.

The Company is subject to a state franchise (margin) tax for the years ended March 31, 2015 and 2014. The Company is included in the combined reporting for the consolidated group and franchise tax was paid by the Parent. Any estimated franchise tax liabilities of the Company at March 31, 2015 and 2014 would not be material to these financial statements.

Expenses of the Company

Certain indirect administrative expenses of the Company were paid by the Parent. The Company pays the Parent management fees to cover the cost of such expenses which are separately stated in the Statements of Income. Certain other expenses are directly reimbursed by the Company to the Parent.

Advertising Expense

The Company expenses promotional and advertising costs as incurred. The total of such expenses for the years ended March 31, 2015 and 2014 was \$12,581 and \$12,727, respectively.

Recently Issued Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2014-09, which provides a framework for revenue recognition and supersedes or amends several of the revenue recognition requirements in FASB Accounting Standards Codification (ASC) 605, Revenue Recognition, as well as guidance within the 900 series of industry-specific topics, including FASB ASC 940, Financial Services—Brokers and Dealers. The standard applies to any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the scope of other standards (for example, insurance or lease contracts). The standard applies to fiscal periods beginning after December 15, 2017. The Company is currently assessing the future impact this standard may have on its financial condition, results of operations and cash flows.

NOTE 2 - NET CAPITAL

Pursuant to the net capital requirements of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. At March 31, 2015 and 2014, the Company had net capital of \$298,699 and \$412,031, respectively, and a minimum net capital requirement of \$100,000.

(A Wholly Owned Subsidiary of National Concord Development Corporation) NOTES TO FINANCIAL STATEMENTS March 31, 2015 and 2014

NOTE 3 - AVAILABLE-FOR-SALE SECURITIES

The following is a summary of available-for-sale securities at March 31:

•	****	2015		
Corporate stocks, at cost	\$	42,865	\$	30,090
Money market account		456		455
Cumulative unrealized gains		11,734		28,020
Market value	\$	55,055	\$	58,565

The available-for-sale securities are reported as marketable securities in the Balance Sheets.

	 2015	2014
Change in unrealized gains (losses) on securities	\$ (14,437)	\$ (12,586)

Changes in unrealized gains and losses are reported as accumulated other comprehensive income in stockholder's equity and the Statements of Income.

NOTE 4 - CONCENTRATIONS OF CREDIT RISK

During the normal course of business, the Company may have funds on deposit at one financial institution in excess of the \$250,000 insured by the Federal Deposit Insurance Corporation. Management does not believe this represents a significant or unusual risk.

NOTE 5 - INCOME TAXES

The Company recognizes deferred tax assets or liabilities based on differences between the financial statement and tax basis of the assets and liabilities. The Company's deferred tax liability at March 31, 2015 and 2014 was \$1,760 and \$5,612, respectively. The deferred tax liability is presented in the Company's financial statements as a current deferred tax liability in the Balance Sheets.

Deferred income taxes result from temporary differences between income for financial reporting purposes and taxable income. These differences arose primarily from unrealized gains (losses) on available-for-sale securities, \$(14,437) and \$(12,586), respectively, and nondeductible expenses, \$3,549 and \$3,756, respectively. The tax effect of the difference in book and tax basis of the Company's marketable securities is separately stated as a component in determining comprehensive income and is not included in the tax provision below.

The components of the provision for income taxes for the years ended March 31, 2015 and 2014 are as follows:

	 2015		2014	
Federal	(00.051)			
Current taxes (benefit)	\$ (22,071)	\$	(15,836)	
Provision for income taxes (benefit)	\$ (22,071)	\$	(15,836)	

(A Wholly Owned Subsidiary of National Concord Development Corporation) NOTES TO FINANCIAL STATEMENTS March 31, 2015 and 2014

NOTE 6 - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. FASB ASC 820 applies to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under FASB ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. FASB ASC 820 describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of valuation methodologies used for assets and liabilities recorded at fair value and for estimating fair value for financial instruments not recorded at fair value:

Investments

At March 31, 2015 and 2014, the Company has only Level 1 marketable securities which are based on quoted market prices of \$55,055 and \$58,565 respectively.

NOTE 8 – RELATED PARTY TRANSACTIONS

The Company is involved in transactions with an affiliated company. The following represents assets, liabilities, revenues and expenses with the related party:

	 2015		
Payable to affiliated entity	\$ 332,420	\$	236,648
Management fees paid to affiliated entity	\$ 1,216,286	\$	917,142

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON EXEMPTION REPORT

To the Board of Directors and Stockholder of Great Nation Investment Corporation

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Great Nation Investment Corporation identified the following provisions of 17 C.F.R. §15c3-3(k) under which Great Nation Investment Corporation claimed an exemption from 17 C.F.R. §240.15c3-3(k)(2)(i) (the "exemption provisions") and (2) Great Nation Investment Corporation stated that Great Nation Investment Corporation met the identified exemption provisions throughout the most recent fiscal year without exception. Great Nation Investment Corporation's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Great Nation Investment Corporation's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
